

Student Wellbeing at Northgate

Hello! My name is Alex and I am the school chaplain here at Northgate State School. As a chaplain, I have the privilege of being someone who is a social, emotional and spiritual support for all staff, students and parents at the school. I provide a space where I can mentor, come alongside, or be a listening ear for the students, as well as simply being a friendly face and a classroom extra. I provide social support in groups, as well as pastoral care conversations in a one on one setting if the parents so desire. I am here at school on Wednesdays and Fridays, so if you ever want to talk about supporting your child at school, just ask admin for my email and I will get back to you! Alternatively, you can find me around the school in the mornings and afternoons or in the TLC!

Northgate also has access to a Guidance Officer and Speech Pathologist.
